

IN SOCIETY

By MARY GWYN WHITEMAN: TELEPHONE No. 142

DIXIE.
In Dixie Land we love to live,
With generous hand we love to give,
Look a-way, Look a-way!
Look a-way, Dixie Land;
With cheerful light and open door,
What matter if the wind does roar,
Look a-way, Dixie Land;

Chorus.

Then I wish I was in Dixie,
Hooray! Hooray!
In Dixie land I'll take my stand,
To live and die in Dixie.
A-way A-way;
A-way down south in Dixie.

Chorus.

The Dixie sides are bonnie blue,
And Southern hearts are warm and true,
Look a-way, Look a-way;
Look a-way, Dixie Land;

Let there be love throughout the world,
The pure white flag of Peace unfurled,
Look a-way, Look a-way;
Look a-way, Dixie Land.

Chorus.

In other lands 'tis sweet to roam,
But in Dixie Land is Home, Sweet Home,
Look a-way, Look a-way;
Look a-way, Dixie Land;

And Southern maid with merry song,
Loves dear old Dixie, right or wrong,
Look a-way, Look a-way;
Look a-way, Dixie Land.

Chorus.

At Elks' Hall.

The Daughters of the Confederacy, Chickasaw Chapter, entertained their guests last evening at a reception at the Elks' Hall, which was largely attended by the delegates and the Confederate Veterans.

The decoration committee, Mrs. T. N. Coleman, Mrs. E. L. Evans and Miss Nellie Hard, had worked most effectively, and bunting in red and white and Confederate flags gave a beautiful and cheerful decorative effect.

At the head of the stairs, the big silk Confederate flag of the stars and bars was unfurled and received the homage of the arriving guests.

The evening was most happily spent, the Confederate Veterans being given especial attention and an interested circle of listeners was always on the alert for their war tales.

Mrs. J. W. Newcomb introduced the receiving line, which consisted of the following state officers:

Mrs. W. R. Clement, president.
Mrs. W. O. Deason, first vice president.

Mrs. Wheaton O. Johnson, recording secretary.

Mrs. T. D. Davis, treasurer;
Mrs. Lewis Paullin, registrar.

Mrs. T. C. Harrell, auxiliary director.

Mrs. W. T. Culbertson, honorary president.

Mrs. Arthur Walcott, corresponding secretary.

General Hailey.

Refreshing punch was served during the evening by Misses Geraldine Dick, Geraldine Coleman and Helen Walcott, Messrs. Joe Frank Williams, Paul Frame and Frank Bleakmore.

Miss Olive McClintock of Oklahoma City gave a splendid reading and responded to an encore.

Broadway Baptist.

The Woman's Aid and Missionary Society of the Broadway Baptist church spent a pleasant afternoon yesterday with Mrs. E. W. Duke and enjoyed a program on Africa, which was both helpful and interesting.

Mrs. O. A. Strange was leader and was so thoroughly prepared with the lesson that she inspired interest in the part of the whole society.

Mrs. W. R. Selvidge led in prayer and Mrs. Stranage read the Scripture lesson from the eighth chapter of Acts.

Keep the Complexion Beautiful.

Nadine Face Powder
(In Green Boxes Only.)

Produces a soft, velvety appearance so much admired, and remains until washed off. Purified by a new process. Will not clog the pores. Harmless. Prevents sunburn and return of discolorations. WHITE, PINK, BRUNETTE.

By toilet counters or mail, 50c. Money back if not entirely pleased.
NATIONAL TOILET COMPANY, Paris, Tenn.

Owsley, Mrs. Seitz and Miss Owsley of Chickasha.

The Deadly Delay.

Those who put off using HALL'S TEXAS WONDER for their kidneys, bladder and rheumatic trouble make a deadly delay. It gives quick and permanent relief. Sold by all druggists.

WHERE THEY DROWN BY THOUSANDS

DISASTERS FROM FLOOD IN CHINA BRING FEARFUL DEATH TOLL.

Hankow, China, Sept. 5.—The American mission at Wuhu has received a report that 100,000 people have been drowned by the floods caused by the water flowing over the banks of the Yangtze-Kiang river.

The floods were the worst that have been experienced in many years. It is estimated that over 85 per cent of the crops have been destroyed.

The Yangtze-Kiang is the largest river in the Chinese Empire, rising in the mountains region north of Tibet, flowing through Tibet, Koko-Nor and finally China. It empties into the Yellow Sea and is connected with the Yellow river by the grand canal.

The river has six tributaries, the Yalung, Wu, Lake Toomling, Min, Hsu and Kiang. Its total length is about 2,200 miles, and on it are Shenchu, Kweichow, Kanking, Ganking, Hankow, Kiu-Kiang and Ichang. To the last-named town it is navigable.

The name of the river means "Son of the Sea."

New sales put on shoes at the Electric Shoe Shop. Opposite postoffice. 28-1m.

Married.

The following item will be of interest to many people of this section and appeared in the Durant Democrat of yesterday.

A quiet wedding occurred yesterday morning at nine o'clock, at the Presbyterian church on North Third avenue, when Mr. Harold K. Maxwell of Durant, and Miss Maud C. Ponche of Fort Worth, Texas, were married. Rev. J. W. Moseley officiating.

The parties are well known in this city, Mrs. Maxwell having been a successful Bryan county teacher for the past two years. Mr. Maxwell was a member of the Southeastern Normal of 1911 and was its business manager. They were attended by A. T. Maxwell, brother of the groom, and Miss Irene Fouché, sister of the bride. They were driven immediately to the union station where they left for Ardmore and western points.

They will be at home at Burnsville, Love county, about September 15. Mr. Maxwell having been elected principal of the Burnsville schools for the ensuing year. Both Mr. and Mrs. Maxwell have hosts of warm friends here who wish for them every happiness.

JAP ROSE SOAP (TRANSPARENT)

Skin and clothing are entirely different things. Naturally they require entirely different soaps. Jap Rose is essentially a skin cleanser. Made from the purest vegetable oils, blended by our own process. Perfect for the bath. Sold by dealers everywhere.

REFUSE IMITATIONS. Look for the Jap Girl on every package.

KING PREPARES FOR DURBAR

CORONATION AT DELHI AS EMPEROR OF INDIA WILL SURPASS IN SPLENDOR ONE IN ENGLAND

London, Sept. 8.—King George V is now, busily preparing for the long trip to India and today received the committee in charge of the Durbar. All of the details of his coronation at Delhi as Emperor of India have been submitted to his majesty and will, of course, be accepted.

The Durbar with all its festivity and oriental splendor will cost far more and be more imposing than the coronation festivities in this city. Those in charge have paid no attention to expense and the public of India, millions of whom are now on the verge of famine, will feel the burden on their backs for years to come. Well may they cry out to his majesty, "Long live the King!"

King George will be the first English sovereign to be crowned in India with the title Delhi-Kashah, and like Napoleon, he will perform the act of crowning himself to impress upon the minds of the natives of India that no living person is worthy of carrying out this act.

In England George V is king by the grace of God and people and parliament and ministers and the church, bound by the chains of a solemn oath to respect the constitution, a figure-head without any real power, a representative and servant of the so-called subjects. In India he is Emperor by the power of his army, and in the eyes of the natives at large he is a being of almost supernatural power. In Bombay and Calcutta the doctrines of socialism and democracy have won a foothold, but in the empire at large the only conception of government is the despotic rulership of one man. And willingly or unwillingly, George V is accepted as that man.

The date for the Durbar has been set for Tuesday, December 12. Grandeur and magnificence on an almost unprecedented scale will mark the scene. On December 8 and 9 the king will receive the native princes and potentates. On another day his majesty will review 80,000 troops.

RAILROAD NOTES.

Union Pacific retrenchment does not mean abandonment of the road's four-tracking plans.

The results of previous experiments have been so successful that the Pennsylvania is to extend its work of giving first-aid-to-the-injured lectures to employees.

It has been found that gases and dampness in the long Sand Patch tunnel of the Baltimore & Ohio railroad shortens the life of steel rails.

Fifteen experimental farms are to be established by the Central of Georgia along its lines in Georgia and Alabama to test the methods advocated by agricultural colleges.

It is said to be probable that at the next convention of the American Association of General Passenger and Ticket Agents, the proposition to charge an extra fare for the privilege of riding in a parlor, observation or sleeping car, will be brought up.

Green flags at the rear end of passenger trains on the Southern Pacific and other Harriman roads, have been displaced by lamp markers. The lamps that have been substituted suffice during the day as well as at night. They can be distinguished by the engineer with ease and have already been found a great improvement over the old flag system.

It is expected that about October 1 the new 87-mile extension, which will connect the Western Maryland with the Pittsburg & Lake Erie, will open for traffic. To provide facilities for handling the increased business to be gained through this connection, the company will spend \$5,000,000 or \$7,000,000 for new terminals at Baltimore and additional equipment.

Chicago's new union station is to be built by an independent corporation controlled by the Fort Wayne, the Panhandle, the Burlington, the St. Paul and the Alton, in which each road will have a fifth interest. The structure is to cost \$5,000,000 to \$6,000,000, but the entire investment will be \$25,000,000, which includes cost of

the sites occupying the block, and other expenditures.

Extensive track improvements are now being made by the Katy between Austin and north Texas points and a force is now at work putting down 85-pound steel, widening the cuts and banks and putting an additional ballast over a stretch of track totaling 110 miles in length. It is expected that the improvements will be completed by next Sunday, when most of the lines from Dallas and Fort Worth to Austin will be 85-pound steel. In this connection it is believed that within the next twelve months the Katy will have 85-pound steel through its main line system in the state. About \$1,500,000 is being expended on the work now under way and a force of 1,200 men is employed.

Not a Word of Scandal

marred the call of a neighbor on Mrs. W. P. Spanish, of Manville, Wyo., who said: "She told me Dr. King's New Life Pills had cured her of obstinate kidney troubles and made her feel like a new woman." Easy, but sure remedy for stomach, liver and kidney troubles. Only 25c at Ringer Drug Co.

RUSSIAN LION DOWN IN DEFEAT

FRANK GOTCH RETAINS CHAMPIONSHIP—"HACK" IS LAMB IN HIS GRIP.

Chicago, Sept. 4.—The geographical center of the wrestling world was once more wrestled at Humboldt, Iowa, the home of Frank Gotch, today.

Moreover, Referee Ed Smith, who proclaimed the world's champion victor of George Hackenschmidt, declared that for the next ten years there would be no shift of the wrestling capital unless Gotch should choose to change his place of residence.

The Russian's showing was pitiful. The crowd decreed he had "quit," but the defeated challenger, through copious tears, averred he entered the arena with a wrenched knee, on which Gotch worked and speedily re-

duced him to a completely helpless state.

In any event, it is certain the foreigner's nerves were on edge. He spent a sleepless night and was pale when he crawled through the ropes. Dr. J. J. Davis, who examined both wrestlers before they went to the mat, declared that while there might be something wrong with Hackenschmidt's knee, it was not evident during the examination.

While it took Gotch 14 minutes and 18 seconds to gain the first fall, the second required only 5 minutes and 22 seconds, which, Hackenschmidt's friends assert prove that his knee was in bad condition.

Referee Smith is authority for the statement that when Gotch secured the terrible toe lock, which won him the match, Hackenschmidt cried out: "Don't hurt my toe," and a second later, "Don't break my leg," and fell with his shoulders to the mat, frothing at the mouth.

S.S.S. CURES ALL SKIN DISEASES

Health in its magnificence appeals to everyone, and especially is this true of a clear skin, free from eruptions and disease. We instinctively realize that back of this desirable condition pure, rich blood is flowing through the system, furnishing nutriment to all the tissues.

This perfect condition of the skin exists as long as the blood is normal, but when it becomes contaminated with humors and acids its supply of nutritive properties is greatly lessened, and it becomes a sharp, acrid fluid which diseases instead of preserving the natural health and texture of the skin. Then come Skin Diseases; the character of the eruption depending upon the nature of the humor with which the blood is infected. If there is an excess of acid in the circulation the trouble is characterized by itching and burning eruptions. Other impurities produce watery blisters, rashes, etc., commonly known as Eczema, Tetter or Salt Rheum, while still other morbid matters in the circulation cause Acne, pimples and like troubles.

It is right and proper to get what relief one may from the application of washes, salves, etc., but such treatment should not be depended upon alone to produce a cure—only a thorough purification of the blood can accomplish this. S. S. S. cures Skin Diseases of every character and kind, because it purifies the blood. It goes down into the circulation and removes the humors and acids, builds up the weak, acrid blood, and completely cures Eczema, Tetter, Salt Rheum, Acne, pimples, rashes, eruptions, and all skin affections. When S. S. S. has cleansed the blood of the impurities the skin is nourished with rich, cooling blood, the tissues and fibres are strengthened, the pores and glands are stimulated to their full duty, and every symptom passes away. Book on Skin Diseases and any medical advice free. S. S. S. is for sale at drug stores.
